### EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

1. This communication is an Examiner's reasons for allowance in response to application filed on 4/26/04, assigned serial 09/693280 and title "Method And System For Route Planning".
2. The following is the Examiner's statement of reasons for the indication of allowable subject matter:

After carefully reviewing the application in light of the amended claims and the additional search of all the possible areas relevant to the present application, a set of related prior art references has been found, but those prior art references are not deemed strong to make the application unpatentable. Thus, it is found that the application is now in condition for allowance.

Although the references found disclose several claimed limitations, none of the references discloses a system and a method of enabling a user to plan a route using a computer system, the method including the steps of: printing a map of a geographic area, the map including a plurality of geographic locations and coded data indicative of an identity of the map and of a plurality of reference points of the map, the geographic locations and the coded data being printed substantially simultaneously; receiving, in the computer system, indicating data from a sensing device operated by the user, the indicating data regarding the identity of the map and a position of the sensing device relative to the map, the sensing device, when placed in an operative position relative to the map, sensing at least some of the coded data in the vicinity of a particular geographic location and generating the indicating data using at least some of the sensed coded data; and planning the route, using the particular geographic location as at least one of a starting point of the route, a way point of the route, and a destination of the route (claims 1, and 3).

Art Unit: 3661

Claims 1-3, are allowable over the prior art of record.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dalena Tran whose telephone number is 703-308-8223. The examiner can normally be reached on M-F (7:30 AM-5:30 PM), off every other Friday.
